Round table about finances mediation

World Bank's International Finance Corporation (IFC) has organized Round table about finances mediation, on November 8, with participation of BiH, banking and financial experts from Serbia and Macedonia.

All participants agreed on conclusion that mediation or out-of-court settlement and settlement of a disputes through official mediator, is important part of financial mediation between two parties. Kemal Kozarić, governor of Central bank of BiH has stated an interesting proposition for mediation to be involved in CB BiH system as important chain for faster resolving of disputes and stability of banking sector.

As being stressed out, through the mediation more than 310 disputes has been settled, amounting over 16 millions KM.
